They looked impressive. My case was resolved fast and accurate. The case was resolved by making it possible to go to driving school. Your law firm is fast and does what needs to be done to resolve tickets in the most effective way. Thank you for your fast help.

Joseph,

Your advice to be pro-active and take a defensive driving class before my case was great advice. My case was dismissed. On another note, my insurance premium dropped 10% when I passed the class. Thank you for a job well done.

EXCELLENT SERVICE!!

My father did research and received many great things from you. The most important thing to me was assurance that everything possible was being done. Your firm is very professional and hard working. Louise did a fantastic job and was sincerely happy, as we were with the results. My thanks to your entire firm and especially Louise for all the hard work and driving up to Huntsville three times. I sincerely hope my daughter has learned her lesson. Thanks again for everything.

I chose Kreps Law Firm, LLC based on the information about previous cases and their positive outcomes. The most important aspect of my case was to have the DUI dismissed due to the negative impact it could have had on my career with the Army, and yes this was fully addressed. My attorney most definitely fought for my rights and my charges were dismissed. I would absolutely recommend Kreps Law Firm, LLC but I hope I won't have to. I was completely satisfied; the outcome was absolutely what I needed to continue my career.

Sorry for the extra email but I'd just like to say a big thank you to you and your law firm company. As it was my first and most definitely my last court appearance I had no idea what to do! As soon as I saw the way you were running around that court room dealing with the prosecutor & police officer put my heart (and nerves) at rest.

Once again, a huge thanks to you and the people who I dealt with at the company; very professional!

Thanks to all who worked on my case. My hearing on Friday was successful and my NC Drivers License was not suspended. That would not have been the case had the charge not been reduced. The Hearing Officer started off my hearing by stating "The purpose of this hearing is Enforcement and Correction, not a demonstration of want or need of driving privileges in the State of North Carolina..." The Hearing Officer stated that without the legal documents you provided my license would have been suspended, and I would have had to court at some later date to appeal and get it reinstated.

Thank you very much for processing my case in such a short time frame. I greatly appreciate your legal services, though, I hope I shall never need them again!

God Bless,

I chose Kreps Law Firm because they specialize in DUI cases. They have a very hard working professional staff!

The most important aspect of the DUI to me was dropping the DUI. Thank you all very much for having done this! I appreciate your services and am totally satisfied with the results.

Your attorneys effectively fought for my rights and lessened the effects of the charges pending. The DUI charges were lessened and I was spared the pain of temporarily losing my driver's license.

Yes, I would recommend your firm to my friends and relatives. Louise was extremely professional. I was thankful and proud to have her represent me! She did a very thorough job of dealing with my case.

Yes. In court the lawyer resolved the issue quickly and was very proactive in speaking to the people required. Getting the best results out of the court was my most important aspect of the case. Behind the scenes I'm sure a lot of work as being very efficient!

I would highly recommend Kreps to anyone who would need a service like this law firm. In fact, I sent a friend of mine to consult with you even before my case was resolved. I was on my way to the emergency room to answer a call from/for a chaplain. Kreps not only managed to get the ticket dismissed they also got the tint citation removed and they did this all in a matter of weeks.

Thanks for all of your assistance, Cara. You made my experience as pleasant as it could possibly be given the circumstances.

Yes, I would recommend Kreps Law Firm to my friends and relatives. Working with the staff was very pleasant and my case was resolved to my satisfaction. As I was recently laid off, I appreciated the fact that I was able to enter into an affordable payment plan.

I was able to deal with my speeding ticket remotely without traveling to Alabama. Also able to take an online driving course.

I was completely satisfied with Kreps Law Firm, LLC because the end result met my expectations.

The most important thing to me was keeping a DUI conviction off of my record. Before I had Kreps Law firm working on my case, I felt insecure and ashamed of the event. During the course of the representation, I felt that Kreps was handling the case with my best interest in mind. Now that the case is over, I feel relieved and appreciative. Thanks!!! I was worried at first about hiring a lawyer, but ultimately it was worth it. My ticket is gone and without too much hurting on my part. Please keep up the good work!!

Before I had Kreps Law Firm working on my case, I felt like I was being cheated by the Alabama court system. During the course of the representation, I felt at peace. Now that the case is over, I feel happy the ticket is out of the way and very relaxed. I would recommend your firm to my friends and relatives because Stacie did a great job of communicating during the whole process and was pretty easy to reach with questions. Having Kreps Law Firm involved in my case was beneficial because I didn't get points on my Driver's License.
